

VOLUNTEERS WANTED

TO

'GREEN'

the MIDDLETON FOOD & DRINK FESTIVAL

On Saturday 11 September 2010

Across the world more and more festivals are being 'greened' to reduce the potential to impact negatively on the environment. This year the Midleton Food & Drink Festival Committee, with the assistance of the Local Authority Prevention Network Programme, is making a big effort to green certain aspects of the festival in the areas of waste management, transport and green procurement.

Volunteers are needed to assist in delivering our environmentally sustainable initiatives.
